Investment products:

Investment funds under the German Capital Investment Code (Kapitalanlagegesetzbuch, KAGB) and discretionary mandates (individual portfolio management restricted to portfolios that do not constitute investment funds). Investment funds with the legal form of a company (Investment-AG, Investment-KG) are deemed to be funds. Distinction between retail funds and Spezialfonds is made in accordance with the KAGB.

Investment focus:

For retail funds, the focus is based on the BVI fund categorisation scheme; for Spezialfonds, the focus is based on the Deutsche Bundesbank systematics.

Providers:

Fund companies under the KAGB (investment fund management companies, EU management companies and foreign AIF management companies), financial services providers (asset managers) in accordance with the requirements of the BVI's Articles of Association. The group of participants covered in the statistics includes BVI members as well as companies without BVI membership (affiliated group companies and voluntary participants).

Figures reflect net assets and net sales in the amount attributable to private, semi-professional or professional investors in Germany. Details for reference periods may differ from earlier publications if providers report existing portfolios at a later stage.

The figures in this total overview are reflecting the German market in terms of assets and sales than can be assigned to investors within Germany, independent of the domicile of portfolios (funds) and the domicile of the individual issuing company which is reporting.
